About Us

Perconix Technologies is a IT consulting service provider for web and mobile sites. Perconix Technologies are experts at building complex websites. Perconix Technologies will build your site on your cloud using Microsoft Azure or AWS but depending on the project Perconix Technologies can build your site on a hosting plan. Perconix Technologies also can build your website site on premise with active directory capabilities.

Perconix Technologies can replace paper-based forms with electronic to reduce the cost of physical paper storage. Our forms are able to generated PDF compliance forms based on your require design. We beat the competition because our maintenance plans come with a guarantee, if it breaks we fix at our expense.

We design attractive layouts and recognizable branding identity for your customer.

Perconix Technologies extensive experience position them well to provide resources that help build collaboration and interaction with government, business and communities. Perconix Technologies focus is on quality customer service for a long-lasting relationship.
