INSPIRED BY LIFE HAPPENS!

- I started MahMah's because my granddaughter had "Eczema" over her
- body, and she wanted to take a bubbles bath.
- I researched the herbs that would help Eczema
- I found something that "WORKED FOR HER".
- MahMah's took care of her problem!!
- If the herbs worked for Eczema, then what about "PAIN"
- Herbs can reduce inflammation that causes "PAIN"
